RESTAURANT

Word of Welcome

Welcome to the Wine list of Hotel de Blanke Top, carefully selected by me, Head Sommelier Quinten Missiaen. It is truly a pleasure to work in this beautiful environment. Since February 2022 I have been building this wine list. Before I worked in several fine dining restaurants in different countries around the world.

It is a challenge to accommodate all the different taste pallets of our guests. So seven days a week I am trying to find the absolute best the wine world has to offer for reasonable prices. These times are challenging, also in the wine world. The prices are rising and the availability of some particular regions are decreasing. This makes it even more challenging. Next to the well-known wine countries as France, Italy, Spain etcetera, I have been specializing myself in the unknown wine countries. These countries often have amazing wines, but it needs a little bit of searching for the absolute best. Also the pricing of those 'new world' wines do often lead to a better price-quality ratio. This wine list contains more than 240 wines from 30 countries. So you can travel the world while tasting wine in de Blanke Top, from USA to New Zealand, from Liechtenstein to Japan. We have it all.

Next to myself, Daan also works here as a sommelier. We are specialized in our field. If you need any advice, please ask us. This makes our job even more fun. We are happy to give you pairing wines with each dish, at every price range. Just tell us what you are going to eat or tell us your favorite wine style. We are happy to find the bottle you will remember.

The wines who have BIO standing behind it are biological wines (obviously).

The wines with a  sign are 100% suitable for Vegans.

The wines with a * standing behind it are rare wines, so there is only one bottle available per table per evening.

You can find natural wines on page 17 of this wine list.

@quintensomm – Stay updated on our journey to the perfect wine list.
